MENTAL HEALTH DURING COVID-19

QHSE team has issued tips on how to cope with COVID-19 by maintaining a positive and healthy state of mind.

Mental Health and COVID-19
As COVID-19 Pandemic rapidly sweeps across the world, it causes fear, worry and concern in the population. However it is normal to feel sad, stressed, confused, scared during this crisis.

Here are some tips on how to cope:

- Talking to people you trust and your loved ones can help. Contact your friends and family.
- Call or Video chat with your loved ones at home can lift up your spirit.
- Maintain a healthy lifestyle - including proper diet, sleep, exercise and social contacts with loved ones at home by email and phone with other family and friends.

Wash your hands - Keep safe distance from others - Break the chain
